B. Discount to Certain Entities

1. Qualifying Schools and Libraries

- a. Qualifying schools and libraries shall be entitled to a 25% CTF voice discount off the monthly recurring rates for Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI)\* after first deducting the applicable E-Rate discounts. Effective July 1, 2016, the 25% CTF voice discount shall be calculated as follows: (T)
- (1) If the customer has not been approved to receive E-Rate discounts, whether or not an application is pending, the 25% CTF voice discount will be applied to the monthly recurring rates or Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI)\* after deducting the statewide average E-Rate discount (determined by the CPUC) from the billed amount. (T)
- (2) If the customer has been approved to receive E-Rate discounts, the 25% CTF voice discount will be applied to the monthly recurring rates for Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI)\* after deducting the actual E-Rate discount from the billed amount. (T)
- (3) The statewide average discount is deducted from the customer's services solely for the purpose of calculating the appropriate discount. The statewide average discount shall be added back to the billed amount for payment by the customer. However, when the customer receives its approved E-Rate benefit, the customer's account will be retroactively adjusted to reflect the approved E-Rate.
- (4) If the customer subscribes to CTF-eligible services that are ineligible for E-Rate discounts, the 25% CTF voice discount applies to the full rate of the CTF-eligible services.
- (5) For schools, the CTF discount amount shall be no higher than their Federal E-Rate subsidy. If the E-Rate discount is 0%, the customer will retain the CTF voice discount of 25%.
- (6) The California Teleconnect fund E-Rate cap shall be effective as of the customer's first billing cycle that begins on or after November 1, 2016.
